

The diagram shows a page layout with a light blue background. A thick magenta border surrounds the page. Inside, a dashed black line defines the 'Bleed Area'. Within this, a solid black line defines the 'Safe text Area'. Three yellow callout boxes with black borders provide instructions: 'Bleed Area' points to the dashed line, 'Safe text Area' points to the solid line, and 'Please keep text 1/8" from all edges and perfs.' points to the magenta border.

Safe text Area

Bleed Area

Please keep text 1/8" from all edges and perfs.
