

1/8" From Perf  
and outside  
edges  
(Dark Pink)

The diagram illustrates a multi-page spread with six pages. The leftmost page is divided into three vertical zones: a narrow 'Bleed Area (Blue)' on the far left, a wider 'Safe Text Area (Light Pink)' in the middle, and a narrow strip on the right. Vertical dashed lines represent perforations between pages. A thick dark pink border surrounds the entire spread. Arrows point from the labels to their respective areas: one from the '1/8" From Perf and outside edges (Dark Pink)' label to the dark pink border, and another from the 'Bleed Area (Blue)' label to the blue area on the left edge of the first page.
